STATEMENT ON HEAVY METAL, AFLATOXIN, MYCOTOXINS AND PESTICIDE CONTAMINATION

This is to confirm that the Tea products supplied to you comply with applicable EU and U.S. FDA requirements for heavy metals, pesticide residues, aflatoxins, and other mycotoxins.

Testing is conducted by ISO/IEC 17025–accredited laboratories, and results meet the limits established under:

EU Regulations

- **Regulation (EC) No 1881/2006** – maximum levels for contaminants (heavy metals, aflatoxins, mycotoxins)
- **Regulation (EC) No 396/2005** – pesticide maximum residue levels (MRLs)

U.S. Regulations

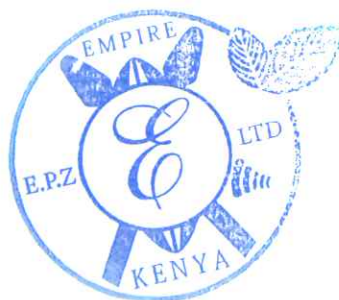

- **FDA / 21 CFR** limits and guidance on heavy metals and mycotoxins
- **EPA / 40 CFR Part 180** pesticide residue tolerances

Based on current analytical results, the products are fully compliant and safe for human consumption.
